Chapters in books and conference proceedings

Lectures and presentations at scientific meetings and invited seminars

30. **Tur-Kaspa I**. Treatment of tubal occlusion via transcervical catheterization. ESHER Campus Workshop on Reproductive Medicine, November 9-11, 1993, Tel Aviv, Israel (Invited lecture).

45. Tur-Kaspa I, Bider D, Chetrit A1, Dor J, Oelsner G, Mashiaich S. Transcervical Tubal Catheterization (TTC) should be recommended first for further diagnosis and treatment to all Infertile Women With Proximal Tubal Occlusion. The 16th World Congress on
46. **Tur-Kaspa I**, Grotto I, Reiner A4, Ashkenazi I, Mashiach S, Shemer J. The prevalence and incidence of oligomenorrhea and amenorrhea in young healthy women: A prospective study of 55,858 women months. The 16th World Congress on Fertility and Sterility and The 54th Annual Meeting of the American Society for Reproductive Medicine, October 4-9, 1998, San Francisco, California, USA.

47. **Tur-Kaspa I**, Segal S, Katz N, Pinchasov M, Chovitz M, Shults A, Meltser S. Day 3 embryos: which one will become a blastocyst? The 11th World Congress on In Vitro Fertilization and Human Reproductive Genetics, May9-14, 1999, Sydney, Australia.

62. Zohav E, Segal O, Meltcer S, Kroll D, Segal S, Tur-Kaspa I. Three-dimensional Hysterosonography (3D-HSG) is comparable to hysteroscopy For diagnosing abnormal intrauterine findings in infertile women. The 57 annual meeting of the American Society for Reproductive Medicine, October 20-25, 2001, Orlando, FL.

63. Tur-Kaspa I, Maor Y, Meltcer S, Segal S. Differences in health related quality of life between men and women undergoing IVF treatment. The 57 annual meeting of the American Society for Reproductive Medicine, October 20-25, 2001, Orlando, FL.

69. Zohav E, Segal O, Meltzer S, Rabinson J, Segal S, **Tur-Kaspa I**. 3D ovarian changes during the fertility period-from age 20 to 45 years old. The Annual of the Israel Fertility Association (p12) April 10-11, 2002 Tel-Aviv, Israel.

70. Rabinson J, Ben-Yair E, Girsh E, Meltzer S, Shults A, Segal S, **Tur-Kaspa I**. Early cleavage of human embryos to the 2-cell stage as a predictor for successful ART outcome. The annual meeting of the Israel Fertility Association (p30) April 10-11, 2002 Tel-Aviv, Israel.

71. Rabinson J, Shapira A, Zohav E, Meltzer S, Mosscovi O, Segal S, **Tur-Kaspa I**. Women with mullerian anomalies may have unrecognized sensorneuronal hearing loss. The annual meeting of the Israel Fertility Association (p74) April 10-11, 2002 Tel-Aviv, Israel.

76. **Tur-Kaspa I**, Segal O, Meltzer S, Rabinson J, Segal S, Zohav E. 3-D endometrial volume on the day of ET and IVF outcome. The 58 annual meeting of the American Society for Reproductive Medicine, October 20-25, 2002, Seattle, WA.

77. **Tur-Kaspa I**, Moscovici O, Meltzer S, Peled R, Rabinson J, Segal S. Transcervical tubal catheterization (TTC) is the treatment of choice for infertile women with proximal tubal obstruction – An experience with 1010 fallopian tubes. The 58 annual meeting of the American Society for Reproductive Medicine, October 20-25, 2002, Seattle, WA.

78. **Tur-Kaspa I**, Girsh E, Rabinson J, Zohav E, Segal S, Meltzer S. Different doses of GnRH antagonist (Cetrorelix) and IVF outcome. The 58 annual meeting of the American Society for Reproductive Medicine, October 20-25, 2002, Seattle, WA.

83. \textbf{Tur-Kaspa I}. (Invited Speaker). 3D ultrasound of the uterus and endometrium and ART outcome. The 59 annual meeting of the American Society for Reproductive Medicine, October 11-16, 2003, San Antonio, TX.

84. \textbf{Tur-Kaspa I}. (Invited Speaker). Modern Transcervical Imaging Techniques for the Diagnosis and Treatment of Tubal Obstruction. The 59 annual meeting of the American Society for Reproductive Medicine, October 11-16, 2003, San Antonio, TX.

85. \textbf{Tur-Kaspa I}. (Invited Speaker). Endometrial imaging and ART outcome. The 59 annual meeting of the American Society for Reproductive Medicine, October 11-16, 2003, San Antonio, TX.

88. \textbf{Tur-Kaspa I}. (Invited Speaker). Endometrial response to hormonal stimulation and ART outcome. The 60 annual meeting of the American Society for Reproductive Medicine, October 16-20, 2004, Philadelphia, PN.

96. **Tur-Kaspa I**. (Invited Speaker). 3D ultrasound of the ovaries and uterus. The Second World Congress on In Vitro Maturation, Montreal, Canada, October 14, 2005.

The 62 annual meeting of the American Society for Reproductive Medicine, New Orleans, LA, October 20-25, 2006; Fertil Steril 2006 (suppl);86): S59.

116. Tur-Kaspa I, Gal M, Horwitz A. Genetics and health of children born from cryopreserved oocytes. The 63 annual meeting of the American Society for
Reproductive Medicine, Washington DC, October 13-17, 2007. Fertil Steril 2007 (suppl); 88:S.

129. **Tur-Kaspa I** (Invited Speaker). Clinical outcome of PGD. Post Graduate Course on “IVF for PGD and PGD to improve ART outcome” at The 65 annual meeting of the American Society for Reproductive Medicine, Atlanta, GA, October 17-21, 2009.

130. **Tur-Kaspa I** (Invited Speaker). PGD – is it safe? Post Graduate Course on “IVF for PGD and PGD to improve ART outcome” at The 65 annual meeting of the American Society for Reproductive Medicine, Atlanta, GA, October 17-21, 2009.

131. **Tur-Kaspa I** (Invited Speaker). Optimizing ovarian stimulation for IVF with PGD. Post Graduate Course on “IVF for PGD and PGD to improve ART outcome” at The 65 annual meeting of the American Society for Reproductive Medicine, Atlanta, GA, October 17-21, 2009.

137. **Tur-Kaspa I**, Najeemuddin R. PGD for HLA typing: Suggested clinical guidelines on when, where, and to which it should be offered. The 66 annual meeting of the American Society for Reproductive Medicine, Denver, CO, October 23-27, 2010.

138. **Tur-Kaspa I** (Invited Speaker). Genetics and Health of Children Born from Cryopreserved Oocytes. 5th World Congress of the World Association of Reproductive Medicine, October 10 – 13, 2010, Moscow, Russia.

139. **Tur-Kaspa I** (Invited Speaker). Ovarian Stimulation for IVF with PGD. 5th World Congress of the World Association of Reproductive Medicine, October 10 – 13, 2010, Moscow, Russia.

141. Tur-Kaspa I, Najeemuddin R. PGD for HLA typing: Suggested clinical guidelines on when, where, and to which it should be offered. The 66 annual meeting of the American Society for Reproductive Medicine, Denver, CO, October 25-27, 2010 (O-146). Fertil Steril 2010 (suppl);94:s43.

143. Tur-Kaspa I (Invited Speaker). The Endometrium and ART Outcome. Post Graduate Course on “Ultrasound in Reproductive Medicine” at The 66 annual meeting of the American Society for Reproductive Medicine together with the American Institute of Ultrasound in Medicine (AIUM), Denver, CO, October 23-24, 2010.

146. Tur-Kaspa I (Invited Speaker). To PGD or not to PGD? How many oocytes are needed to start PGD with? Pre-Congress Workshop on PGD, The 16th World Congress on IVF, Tokyo, Japan. September 10-13, 2011.

148. Tur-Kaspa I (Invited Speaker). Sonohysterography (SHG) in Reproductive Medicine. Post Graduate Course on Reproductive Imaging (by the ASRM and AIUM) at the 67 annual meeting of the American Society for Reproductive Medicine, Orlando, FL, October 15-19, 2011.

152. **Tur-Kaspa I** (Invited Speaker). Sonohysterography in Reproductive Medicine. Post Graduate Course on Reproductive Imaging (by the ASRM and AIUM) at the 68 annual meeting of the American Society for Reproductive Medicine, San Diego, CA, October 20-24, 2012.

156. **Tur-Kaspa I** (Invited Speaker). Ultrasound for Maximizing ART Outcome - See Better, Do ART Better. Post Graduate Course on Reproductive Imaging (by the ASRM and AIUM) at the 69 annual meeting of the American Society for Reproductive Medicine. Boston, MS, October 13-16, 2013.
